

GABRIEL DELGADILLO

WEB DEVELOPER

PROFILE

I'm a college student who loves new challenges, that's why I went to a web developer bootcamp and now I'm searching for my first experience within the IT world.

My hobbies include learning German (currently), videogames, music (I'm also currently learning to play violin), and meeting new people.

LANGUAGES/TOOLS

- JavaScript/css/html/sass/less
- React/Redux
- NodeJs/Express
- PostgreSQL/Sequelize
- Tailwind
- TypeScript
- Python
- Scrum
- Java

EXPERIENCE

Personal Full Stack Project

- Design and implement a website where the user can view, search and make their own dog breeds.
- Manage the backend with NodeJs and Express.
- Manage the frontend with React, Redux and CSS (without libraries).
